## PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

## CLERK'S OFFICE

2<sup>ND</sup> REVISED NOTICE OF FILING

DOCKET NO. 2014-346-WS

**Application of Daufuskie Island Utility Company, Inc. for Approval of an Increase for Water and Sewer Rates, Terms and Conditions**

**PLEASE NOTE THAT THIS NOTICE OF FILING PERTAINS TO THIS CASE THAT WAS PREVIOUSLY APPEALED TO THE SUPREME COURT OF SOUTH CAROLINA AND IS PRESENTLY BEFORE THE PUBLIC SERVICE COMMISSION ON REMAND FROM THE SUPREME COURT OF SOUTH CAROLINA.**

The Supreme Court of South Carolina in its Opinion No. 27905 filed on July 24, 2019, reversed and remanded the above-referenced rate case to the Public Service Commission of South Carolina. Please see *Daufuskie Island Utility Co., Inc. v. South Carolina Office of Regulatory Staff*, 427 S.C. 458, 832 S.E.2d 572 (2019). In its Opinion No. 27905, the Supreme Court of South Carolina stated, in part,

“DIUC’s rate application will now go before the Commission for a third hearing. In our initial reversal and remand, we explained certain points of law applicable to the merits of DIUC’s claims. *Daufuskie Island Util. Co.*, 420 S.C. at 316-20, 803 S.E.2d at 286-88. In this reversal and remand, we do not address the merits at all. In reversing the Commission twice, we do not intend to make any suggestions of our views of the merits. Rather, we simply require the Commission and ORS evaluate the evidence and carry out their important responsibilities consistently, within the “objective and measurable framework” the law provides. *Utils. Servs.*, 392 S.C. at 113, 708 S.E.2d at 765.”

On July 22, 2020, the Public Service Commission of South Carolina (the Commission) issued Order No. 2020-497 with the following Motion:

“The Office of Regulatory Staff states that Daufuskie Island Utility Company, Incorporated should afford its customers additional notice with regard to the proposed rates in the present case, which ORS asserts exceeds the rates included in the Company’s Application and previously noticed to the utility’s customers. ORS notes that both Commission statutes and due process require the additional notice. ORS states that the Company’s customers have not received notice of the presently proposed rates and are therefore at a significant disadvantage without the notice. The Company denies the need for such a notice under the circumstances of the case. S.C. Code Annotated Section 58-5-240 (B) states that notice to the public may be ordered ‘such as the Commission may prescribe.’

Grant the ORS request and order the Company to give notice to its customers of the proposed rates in the present case. The Commission Clerk’s Office shall issue a Notice letter to the Company requiring such notice.”

The rates below include a comparison of the proposed rates filed with the Company’s original application in June of 2015, designed to produce \$2,267,722 (In the Original Application, Total Revenues are listed as \$2,267,721, however, a computation of all operating revenues on Schedule A-4 indicate total revenues of \$2,267,722) of total annual revenues, and the rates contained in an exhibit of the testimony of a Company witness filed with the Commission on June 16, 2020, in a limited hearing proceeding following the court’s reversal and remand of the Commission’s last decision. The testimony and exhibits of the Company’s witness were provided to all parties in this case, including the Haig Point Club and Community Association, Inc., Melrose Property Owner’s Association, Inc. and Bloody Point Property Owner’s Association (collectively the “POAs”), that are intervenors in this case. The reason for the revision to the originally filed rates is the use of revised billing units proposed by the ORS and accepted by the Company to reach the same \$2,267,722 of revenues.
